OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be sent back to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter *a* prefixed to any rate of postage shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

TURKEY.

Letters for such places in *Turkey* and *Asia Minor* as have no Austrian Post Office, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established. For Austrian Post Offices in Turkey, see *British Postal Guide*.

It is recommended that any letters for *Erzeroum* and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination.

The laws of Spain forbid the transmission by the post within that country of letters or other packets containing watches, jewelry, or other articles of value which are liable to customs duties; and the circulation of money, jewelry, and other articles of value in letters is also prohibited in Belgium. Any such packets therefore which may be forwarded in the mails to Spain or Belgium will not be delivered, but will be sent back. A similar prohibition, on *pain of forfeiture*, is placed upon the transmission of diamonds and other jewels to the *Turkish Empire*, and of money and jewelry to the republic of Costa Rica.

EXCEPTIONS REFERRED TO IN HEAD OF TABLE ON SUCCEEDING PAGE.

- I. Letters for Aden, Alexandria, Cairo, India, Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, Singapore, and Suez are sent by the first mail despatched by British Packet either via Brindisi or via Southampton according to the route indicated by the postage; and letters for Malta are sent by the first mail despatched, via Italy or via Southampton, if the prepayment does not indicate that they are to be sent by another route.
- II. Letters for Canada posted after the despatch of the mail via the United States on Saturday are forwarded by Canadian Mail Packet on Thursday, unless prepaid at the higher rate.
- III. Letters for the Argentine Confederation, Brazil, Buenos Ayres, and Monte Video are sent in the first Mail despatched by British Packet after the time of posting.
- IV. Letters for Austria, Baden, and Bavaria, if insufficiently paid for transmission via France but sufficiently paid to be sent via Belgium, are forwarded by the latter route.
- V. Letters for Switzerland are forwarded via France when that route is indicated by the amount of prepaid postage.

FOREIGN AND COLONIAL POSTAGE;

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE, &c.*Inland Letters.**

1. The rate of postage to be prepaid on inland letters and parcels of all sorts, closed or open, is as follows:—

Not exceeding 1 oz.,	-	-	-	1d
" 1 " to 2 oz.,	-	-	-	1½d
" 2 " to 4 "	-	-	-	2d
" 4 " to 6 "	-	-	-	2½d
" 6 " to 8 "	-	-	-	3d
" 8 " to 10 "	-	-	-	3½d
" 10 " to 12 "	-	-	-	4d

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than one ounce, and not exceeding two ounces, and prepaid one penny only, is on delivery charged double the deficiency of one halfpenny—viz., one penny, and so on.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers—(1) Inland.

5. By the "Post Office Act, 1870," the use of the Inland Revenue impressed stamp, denoting the stamp duty under which newspapers and other periodicals had been previously transmissible by post within the United Kingdom, was abolished, and a postage of one halfpenny was fixed for each transmission of any newspaper coming within the definition laid down in the Act.

Inland newspapers are subject to the following regulations:—

§ 1. The publication must first have been accepted as a newspaper by the Postmaster-General, and have been placed on a register at the General Post Office, from which it is liable to be removed either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a newspaper.

Registration for inland circulation includes the registration for transmission abroad.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

§ 2. The newspaper must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days, and must be printed on a sheet or on sheets unstitched.

§ 3. The full title and date of publication must be printed on the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page: this regulation applies to tables of contents and indices.

§ 4. A supplement must be unstitched, must in every case be published with the newspaper, and must have the title and date of publication printed at the top of every page, or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

§ 5. For each newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book-packet of the same weight—viz., one halfpenny for every two ounces or fraction of two ounces.

§ 6. A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book-packet of the same weight.

§ 7. The postage must be prepaid either by adhesive stamp, or by the use of stamped wrapper.

§ 8. No newspaper can be sent through the post a second time for the original postage, for each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.

§ 9. Every newspaper, or packet of newspapers, must be posted either without a cover, or in a cover open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.

§ 10. Every newspaper must be so folded as to admit of the title being readily inspected.

§ 11. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement, or supplements belonging to it. If it contain any other, such enclosure or enclosures will be taken out and charged, on delivery, as an unpaid letter.

§ 12. There must be no printing on the cover of a newspaper sent at the newspaper rate, but the name and address of the person to whom it is sent, the title of the newspaper, the name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end. If this rule be infringed, the newspaper will be treated as a book packet.

§ 13. A newspaper which has any letter, or any communication of the nature of a letter written in it or upon its cover, will be charged as an unpaid, or insufficiently paid letter.

§ 14. No packet of newspapers must exceed fourteen pounds in weight, nor may it exceed 2 feet in length nor 1 foot in width or depth.

(2) Colonial and Foreign.

6. Under the powers given to the Postmaster-General by the Post Office Act, 1870, the regulations relating to the registration of publications for transmission abroad as newspapers have been revised. The definition laid down in the Act, in regard to newspapers which may be registered for transmission

through the post in the United Kingdom is alike applicable to those which may be registered for transmission abroad, excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days, and that it (but not its supplement) may be printed on sheets stitched together.

Newspapers going abroad are also subject to the following regulations.

§ 1. "Prices Current" and "Market Reports," but not private price lists, or trade catalogues, are admitted to the same privileges as newspapers for Foreign transmission.

§ 2. Publications registered for transmission abroad must be posted within eight days from the date of publication, including the day of publication.

§ 3. The collected numbers issued during the month of a weekly, fortnightly, tri-monthly, &c., publication, will not be allowed to pass as a monthly publication.

§ 4. The postage must be prepaid with postage labels. The rates are shown in the Tables of Colonial and Foreign Postage.

§ 5. Publications not on the register at the General Post Office cannot be sent abroad at any rates lower than those applicable to Book Packets.

§ 6. Every Newspaper or Packet of Newspapers must be posted either without a cover, or in a cover open at both ends, and in such a manner as to admit of easy removal for examination.

§ 7. Every Newspaper must be so folded as to admit of the title being readily inspected.

§ 8. No Newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

§ 9. There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent, nor any thing on the cover, but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

§ 10. No packet of newspapers must exceed two feet in length, or one foot in width or depth.

§ 11. It is forbidden to introduce into Russia, through the post, political newspapers, even in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices; the admission into Russia even of newspapers not of a political character is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any person residing in Russia.

§ 12. At the following rates of postage, book packets may be forwarded to the undermentioned British Colonies and Foreign Countries on the conditions of the Inland Book Post.

PARLIAMENTARY PROCEEDINGS.

10. *Parliamentary proceedings circulated inland.*—*Postage.*—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one half-penny for every 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it is treated as an ordinary book packet.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary Proceedings, &c., sent abroad.—Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

Book Post—(1) Inland.

A book packet may contain not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter or communication of the nature of a letter), photographs when not on glass or in frames containing glass or any like substance, and anything usually appertaining to such articles in the way of binding and mounting, or necessary for their safe transmission by post, but also *circulars* when these are wholly or in great part printed, engraved, or lithographed.

§ 1. The postage is one half-penny for every 2 oz. or fraction of that weight.*

§ 2. The postage must be prepaid either by adhesive stamps, or by means of a stamped wrapper, or by combination of the two.

§ 3. A packet posted wholly unpaid will be charged with double the book postage, and if posted partially prepaid, with double the deficiency.

§ 4. Every book packet must be posted either without a cover, or in a cover open at both ends and in such a manner as to admit of the contents being easily withdrawn for examination; otherwise it will be treated as a letter.

§ 5. No book packet may contain anything sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.) Any such prohibited enclosure will be taken out and forwarded to

the address on the packet charged with postage as an unpaid letter, but the remainder of the packet, if duly prepaid, will be forwarded to its address.

§ 6. There must be no letter nor any communication of the nature of a letter written on any part of a book packet, or its cover. If this rule be infringed the entire packet will be treated as a letter.

§ 7. No book packet may exceed 14 lbs. in weight, two feet in length, or one foot in width or depth.

§ 8. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers, though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the Post.

§ 9. To prevent obstacles to the regular transmission or delivery of letters, a head-postmaster may, when necessary, keep back book packets until the next despatch or delivery.*

Inland Pattern and Sample Post.

11. All parcels are forwarded as the sender desires, whether closed or open; the weight is limited to 12 oz., and the size to two feet in length by one foot in depth or width. The postage is the same as that for letters, viz., 1 to 2 oz., 1d.; 2 to 4 oz., 2d.; 4 to 6 oz., 2½d.; 6 to 8 oz., 3d.; 8 to 10 oz., 3½d.; 10 to 12 oz., 4d.

The following are examples of articles forbidden to be sent through the post:—

12. A glass bottle or glass in any form, razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit or vegetables, bladders, or other vessels containing liquids, gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

13. This rule is so far relaxed, however, as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office. If any packet containing such articles as these be posted which is found not to be sufficiently guarded, it will be stopped, and a notice of its detention sent to the person to whom it is addressed, or to the sender, who may then obtain it on personal application, *but the packet will be charged as an unpaid letter.*

Colonial and Foreign Pattern and Sample Post.

14. Bona-fide patterns and samples can be sent, at the rates inserted in the Table of Colonial and Foreign Postage, to such colonies and foreign countries as are marked in that Table with the letter "P."

§ 1. The limit of 12 oz. in weight and two feet by one in dimensions is not applicable to patterns sent to the Colonies or to Foreign parts, nor is the same limit applicable to all countries. For particulars see Tables of rates.

* If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a newspaper when wet weighs more than when dry. Forgetfulness on this point sometimes causes groundless complaints about charges for newspapers; the complainant having erroneously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

* For information respecting rates of postage and regulations applying to book packets for places abroad see the Tables of rates of postage, pages 5 to 16. For exceptional rates, and modification of rules affecting certain countries, the British Postal Guide, published quarterly, ought to be consulted.

§ 2. A packet of patterns or samples sent to France, Portugal, Madeira, the Azores, or Cape de Verdes, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

§ 3. Samples of intrinsic value must not be sent to foreign countries except the United States; and in the case of France samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than 3 ozs. Raw and spun silk, as well as coloured and twisted silk, may be sent to the North German Confederation up to the weight of 3 oz.

§ 4. None of the articles named in rule 13 may be sent as patterns or samples to any place abroad, except the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verdes, Switzerland, and the British Colonies; and not to these places when addressed "via France." *Indigo* cannot be sent to any place abroad.

§ 5. Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country except the United States of America, Holland, and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, Switzerland, and Austria via France.

§ 6. It is not permitted to enclose a written or printed description of the patterns in a packet of patterns sent abroad.

POST CARDS.

Post cards which bear a halfpenny impressed stamp are available for transmission between places in the United Kingdom only.

The front (or stamped) side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side, any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communication must not extend to the front side. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these conditions be infringed the card will be charged 1d. on delivery.

No card other than one of those issued by the government will pass under a halfpenny stamp if it bear on it a written communication of the nature of a letter.

It is forbidden to forward by post any indecent or obscene card, print, painting, photograph, lithograph, engraving, or book; or any other indecent or obscene article, or any letter, newspaper, publication, packet or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office, Edinburgh.

POSTAGE STAMPS.

1. *Postage Stamps must be kept for sale.*—Every Head-postmaster is required to keep for sale to the public a sufficient stock of halfpenny post cards, of

the various postage labels in use, and of envelopes with the penny stamp embossed. The labels are of the respective values of $\frac{1}{2}$ d., 1d., $1\frac{1}{2}$ d., 2d., 3d., 4d., 6d., 9d., 10d., 1s., 2s., 5s.

2. *Embossed Penny Envelopes* are of four sizes, viz., $5\frac{1}{4}$ inches by $3\frac{3}{8}$ inches, $5\frac{1}{4}$ inches by 3 inches, $4\frac{1}{2}$ inches by $2\frac{3}{4}$ inches, 4 inches by $2\frac{1}{2}$ inches, and are sold at the following rates:—

	s.	d.
1	0	$1\frac{1}{4}$
2	0	$2\frac{1}{4}$
3	0	$3\frac{1}{4}$
4	0	$4\frac{1}{4}$
6	0	$6\frac{1}{4}$
8	0	$8\frac{1}{4}$
12	1	1

3. *Stamps.*—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not available, as a general rule, for the payment of letters, &c., coming into this country.

Head-postmasters are also required to keep newspaper wrappers bearing an impressed halfpenny stamp of three different sizes, and to sell them at the following prices:—

Size, 12 inches \times 5 inches:—

	s.	d.
400	17	10
100	4	$5\frac{1}{2}$
50	2	3
25	1	$1\frac{1}{2}$
10	0	$5\frac{1}{2}$
5	0	3
2	0	$1\frac{1}{2}$
1	0	$0\frac{1}{2}$

Size, 9 inches \times 4 inches:—

	s.	d.
400	17	8
100	4	5
50	2	$2\frac{1}{2}$
25	1	$1\frac{1}{2}$
10	0	$5\frac{1}{2}$
5	0	3
2	0	$1\frac{1}{2}$
1	0	$0\frac{1}{2}$

Size, 7 inches \times 4 inches:—

	s.	d.
400	17	6
100	4	$4\frac{1}{2}$
50	2	$2\frac{1}{2}$
25	1	$1\frac{1}{2}$
10	0	$5\frac{1}{2}$
5	0	3
2	0	$1\frac{1}{2}$
1	0	$0\frac{1}{2}$

4. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, they should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate; while, as respects many letters addressed to many places abroad, the transmission will be altogether stopped.

5. The labels should be placed on the front of the letter, and upon the right-hand corner of the upper side. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which had

been previously used. Postage stamps which have been torn, cut, or otherwise rendered imperfect; embossed or impressed stamps cut out from the envelope, card, or wrapper on which stamps were embossed or impressed—even though the stamps have not been previously used or sent by post; and receipt, or other Inland Revenue stamps, *cannot* be used for payment of postage.

REGISTRATION.

1. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet, may be registered to any place in the United Kingdom or the British Colonies. Registered letters must be prepaid as regards both postage and registration fee; in the case of inland letters, such prepayment must be by stamps, but in the case of foreign letters it may be either in money or in stamps.

2. The registration of a packet makes its transmission much more secure. The loss of a registered packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and offer a temptation which ought not to be created, and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are *treated as registered*, and charged on delivery with a double registration fee of *eightpence*, in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

3. Every letter to be registered should be presented at the window, and a receipt obtained for it, and on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence. A registered letter, if reposted as an ordinary letter, with the word "*Registered*" un erased or erased in pencil only, will also be liable to a registration fee of *eightpence*.

4. *Time of Posting.*—The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. For a *late fee* of 4d. they are taken until the expiration of that half hour.

5. No Letter Carrier, Rural Messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

6. *Registration of Letters addressed to Foreign Countries.*—The fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid*, will be found against each country or place in the table of Colonial and Foreign postage. Letters, newspapers, books, and patterns, may be registered to any place in the British colonies, the United States of America, Italy, Switzerland (via Belgium), or the German States, also (when sent in closed mails) to the British Post Offices in Egypt and Constantinople; but to other Foreign Countries only letters and packets prepaid at the

letter rates can be registered. To some countries there is no arrangement whatever for registration.

7. Where the prefix "in" is made use of in the column of fees in the table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival; it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper. Where the word "none" appears, no registration can be effected.

8. *France and Countries through France.*—The registration fee upon letters addressed to France, or countries through France (exclusive of those sent in the closed mails to India, Hong-Kong, Ceylon, Mauritius, Australia, Gibraltar, via France, Malta, Constantinople, Austria, Portugal, Spain, or Italy, is not a fixed sum, but is in all cases equal to the postage.

9. Letters for passengers on board the Cunard and Inman Packets for America, touching at Queens-town, or on board the Mediterranean Packets about to sail from Southampton with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters for America are received, provided they be prepaid and registered, and addressed to the care of the *Commander of the Packet*.

10. Letters for passengers on board the Canadian Packets, touching at Londonderry, may under similar conditions be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the mail.

11. The letters should be addressed thus, "Mr. _____, on board the mail packet for _____, at Queenstown (Londonderry or Southampton), care of the commander of the packet," or "care of the officer in charge of the mail," as the case may be.

Letters addressed to the care of the packet agent at Suez, and despatched by the mail via Brindisi, which follows the mail via Southampton, will probably reach passengers for India, &c., who have sailed in the packet from Southampton.

12. *Letters by Private Ships.*—Letters intended to be sent by private ship must be addressed "By private ship;" and if by a particular vessel, the name of the ship and port of departure must be added.

13. *Parliamentary Notices.*—Parliamentary notices may be forwarded through the post under the following regulations:—

§ 1. The words "Parliamentary notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

§ 2. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

Aberdeen,	Inverness,
Athlone,	Leeds,
Belfast,	Lincoln,
Birmingham,	Liverpool,
Bristol,	Manchester,
Cork,	Newcastle-upon-Tyne,
Exeter,	Norwich,
Glasgow,	Shrewsbury.

§ 3. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

§ 4. The postage chargeable on these notices and the registration fee of sixpence on each must be prepaid by stamps.

§ 5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged for the convenience of comparison in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

14. *Time for Posting Parliamentary Notices.*—The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage, like letters.

15. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

16. Notices relating to votes for members of Parliament belonging to any of the classes enumerated in the Acts 6 Vict. c. 18, and 13 and 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts), on prepayment in stamps of the postage, whether inland or foreign, as the case may be, and of a registration fee of twopence, provided they be presented duly directed, open, and in duplicate, to the Postmaster of an office which is also a Money Order Office. On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The production by the person who posted such notice of such stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would in the ordinary course of post have been delivered there. The notices must be presented at least half an hour before the fixed time for posting ordinary letters. They are liable to the usual charge for redirection.

17. *Poll Books.*—When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time when he received it.

18. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without regard to weight or size.

DELIVERY.

1. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post Office. Neither are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

2. *Delivery at Window.*—No person living within the town free delivery, or within the limits of a Rural Post free delivery, unless he rent a private box, can claim to have his letters delivered at the Office window.

3. In order to prevent the additional trouble which is sometimes caused by letters being directed to the Post Office, for persons residing within the free delivery, but who have no private box, the officers of the Post Office are authorized, when such letters arrive, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers.

4. *Private Boxes.*—Any person can have a private box who is willing to pay the appointed fee, which is fixed at one guinea per annum to be paid in advance, and for a period of not less than a year.

MISCELLANEOUS REGULATIONS.

1. The Post Office is not responsible for any injury which books or other articles forwarded by post may sustain, and the public therefore should not employ the Post Office for the conveyance of anything likely to suffer injury, unless such thing be sufficiently protected; neither is it responsible for any loss or inconvenience which may arise from the mis-sending, mis-delivery, loss, &c., of a letter or any other postal packet.

2. *Limit to Size of Letters, &c.*—With the following exceptions, no inland or foreign letter, &c., can be forwarded by the post which is more than two feet in length, or one foot in breadth or depth. The exceptions are—

§ 1. Packets to or from any of the Government offices or departments, or public officers.

§ 2. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

§ 3. Petitions to either House of Parliament, forwarded to any member of either House.

§ 4. Printed Parliamentary proceedings.

3. *Official Information.*—No information can be given respecting letters which pass through a Post Office* except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

4. *Letters† cannot be returned to Writers.*—Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or

* The term "Post Office" applies to all Post Offices, whether Head-Office, Sub-Office, or Receiving Office. A "Head-Office" is an Office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving-Offices are under Head-Offices; but at Receiving Offices letters are received only, not delivered.

† The term "Letters," &c., is meant to include everything sent by the post; whether letters, newspapers, books, or aught else.

to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

5. Should a letter be forwarded under cover to any Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at ———, under cover to the postmaster of ———."

6. *Re-directed Letters, &c.*—Every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate).

7. A registered letter, when re-directed, is only liable to the same additional charge as an ordinary re-directed letter, and if re-posted, a second registration fee must be paid with it.

8. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited, or the letters would be delayed in their transmission by being sent to the house to be re-directed there. In all cases of re-direction, a written authority duly signed by the person to whom the letters are addressed must be sent to the Postmaster.

9. *Sunday.*—During the time the office is open on Sunday (viz., from eight and nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

10. *Sacramental Fast Days.*—On the Sacramental Fast Days there is one delivery by Letter Carriers, commencing at 8.10 a.m., and letters are delivered to Private Box holders and to strangers, as on Sundays, for one hour after the office is opened at 8.10 a.m. The Paid Letter Office is again opened for the sale of postage stamps and registration of letters, from 4 to 8 p.m.

11. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

12. *Change and Bad Money.*—No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

13. *Postmasters not bound to Weigh Letters for Public.*—Except as regards foreign and colonial letters about to be prepaid in money, the officers of the Post Office are not bound to weigh any letters or other packets for the public, though they may do so if their duty be not thereby impeded.

14. *Forbidden Articles.*—The officers of the Post Office are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter, &c., be posted in the letter-box, and discovered before its despatch, it is detained, and a report of the case made to the Secretary G.P.O. The following are examples of the articles referred to:—A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible; razors,

scissors, needles, knives, forks, or other sharp instruments insufficiently protected.

15. *Undelivered Letters.*—When the reason for the non-delivery of a letter, &c., is "Deceased," the letter is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before the arrival of such letters at the port of departure. When the reason is "Refused," the letter, if an inland one, is retained at the Post Office for one day only before being sent to the Returned Letter Office, unless the refusal be conditional, in which case the letter is kept for three days, as are all foreign or colonial letters when refused, and letters, whether inland or foreign, addressed to persons not known, or gone away. When the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months.

16. *Penalties for sending letters otherwise than through the Post.*—By the Act 1st Victoria, cap. 36, sect. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General, incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

17. *Exceptions from exclusive privilege of Post Office in conveyance of Letters.*—The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office, in the conveyance of letters:—

§ 1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandise, or of the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

§ 6. No person is authorized to make a collection of such exempted letters for the purpose of sending them in the manner above described.

§ 7. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 8. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and owners, drivers, or guards of stage-coaches.

§ 9. Owners, masters, or commanders of ships, vessels, steamboats, or boats called or being passage or packet-boats, sailing or passing coastwise, or

otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 10. Passengers or other persons on board any such ships, vessels, steamboat, passage or packet-boat.

§ 11. The owners of, or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other of her Majesty's dominions.

POST-OFFICE TELEGRAPHS.

Tariff.

1. The charge for the transmission of messages by telegraph throughout the United Kingdom is one shilling for the first twenty words, and threepence for each additional five words or part of five words. The names and addresses of the sender and receiver are not charged for.

2. Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error, by being sent back from the office at which they are received to the office from which they are forwarded. The charge for repetition is one-half the ordinary tariff, fractions of threepence being reckoned as twopence.

3. The cost of a reply to a telegram may be prepaid, but the sender of the reply must pay for any excess of words over the number so prepaid. The reply must be handed in at the office from which the original telegram was delivered.

4. A prepaid reply to a message must be handed in within two days from the date of the original message, or it will be charged for in the ordinary way, but the money prepaid will be returned on application to the secretary.

5. Applications from the senders of messages for the return of money deposited for replies which they have not received, should be made to the secretary within three days from the date of the deposit.

6. Copies of a telegram directed to more than one firm or person in the same free delivery, will be delivered separately at an additional charge of threepence per copy.

7. Telegrams may be redirected from town to town at an extra charge of *one-half* the ordinary tariff, fractions of threepence being reckoned as twopence, but in such cases they must not have been opened.

8. All numbers and fractions of numbers must be written in words, and will be charged for accordingly. For example, "365" should be written "*Three hundred and sixty-five*," and when so written will be charged for as five words; and " $\frac{3}{8}$ " should be written "*three-eighths*," and when so written will be charged as two words.

Portage.

9. The sums charged for the transmission of telegrams cover the costs of delivery by special foot messenger within the limit of one mile of the Terminal Telegraphic Office, or within the limit of the town postal delivery of that office, when it is a Head Office, and the town postal delivery extends for more than a mile from it.

10. When the addressee does not reside within the above-described limits, and the sender has not filled

up either of the Forms of Request on the face of the message, the telegram will, in the ordinary way, if for a place within three miles of the Terminal Office, be delivered by foot messenger at a charge of sixpence per double mile, or any part thereof. The distance being reckoned from the Postal Telegraph Office, and not from the limits of free delivery, the lowest charge for delivery by special foot messenger is one shilling. If the telegram be for a place beyond three miles from the Terminal Office it will, unless otherwise directed, be sent out by cab, fly, or horse express, and one shilling per double mile will be charged for delivery.

11. When the sender fills up the Form of Request for delivery by local post, the telegram will be delivered free of extra charge by the ordinary postal delivery next following on the arrival of his telegram at the Terminal Telegraphic Office.

12. As most of the Postal Telegraph Offices, and nearly all Railway Stations, close for telegraph business at 8 p.m., the sender of a message who hands it in between 7 and 8 p.m. should always inquire whether such message is likely to be delivered the same night.

13. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

14. Full information with respect to charges and regulations for the transmission of messages by telegraph may be obtained at all Postal Telegraph Offices.

MONEY ORDERS.

1. *Application Forms.*—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

2. *Commission.*—The commission on inland Money Orders is as follows:—

For sums under 10s.,	-	-	-	1d.
Above 10s. and under £1,	-	-	-	2d.
" £1,	"	2,	-	3d.
" 2,	"	3,	-	4d.
" 3,	"	4,	-	5d.
" 4,	"	5,	-	6d.
" 5,	"	6,	-	7d.
" 6,	"	7,	-	8d.
" 8,	"	9,	-	10d.
" 9,	"	10,	-	11d.
£10 Orders,	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

§ 1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the "Carron Company."

§ 2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

5. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone.

6. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the back of the order.

7. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

8. Money Orders do not require a receipt stamp.

9. *Lapsed and Void Orders.*—Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January and not paid before the end of next January), all claim to the money will be lost.

10. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

11. Under no circumstances can payment of an order be demanded on the day of issue.

12. *Duplicate Orders, Transfers, Repayments, Alteration of Name, &c.*—In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission, in postage stamps) to the Comptroller of the Metropolitan Money Order Office, of that part of the United Kingdom where the original order was issued; and if it be desired to stop payment of an inland order, a similar application, with a like enclosure of postage stamps, must be made to the Comptroller of the Metropolitan Money Order Office of that part of the United Kingdom where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an

application inclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

13. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment shall communicate with the remitter, and request him to apply personally to the issuing Postmaster.

14. No letter-carrier or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

COLONIES.

15. Money Orders are issued at all Money Order offices in the United Kingdom of Great Britain and Ireland; on Belgium and Switzerland, at the rate of commission charged on Inland Money Orders; on Money Order Offices in Alexandria, Cairo, Constantinople, Gibraltar, Malta, and Suez, at a charge equal to three-fold the commission on Inland Money Orders; and on Money Order Offices in the subjoined list at a charge equal to four-fold such commission:—

17. The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order issued by a Colony on the United Kingdom, will be made on application to the Comptroller of the Metropolitan Office of that portion of the United Kingdom in which such Colonial Order is payable, provided an additional British Inland Rate of Commission be inclosed with the application; except in the case of lapsed orders, when the additional commission will be deducted from the amount of the new order issued by the department; but the lapsed order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial orders originally drawn on their own offices.

POST OFFICE SAVINGS BANKS.

18. *Hours of Business.*—Every Post Office Savings Bank, which is also a Money-Order Office, is open for bank business during the same hours as for Money Orders.

19. *Amount of Deposits.*—Deposits of any amount, not less than one shilling and not including any pence, are received at any Post-Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30, and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, no more interest will be allowed until this sum of £200 be lessened.

20. *Interest.*—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following

the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

21. *Transfers of Deposits.*—A depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and on his written application, accompanied by his book, to the chief office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth, and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

22. *Withdrawals of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

23. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

24. *Secrecy.*—The officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

GOVERNMENT INSURANCES AND ANNUITIES.

25. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow has been opened for the receipt of proposals for the insurance of lives, and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering these forms, as well as every other necessary information, may be obtained on application.

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alterations in the course of the current year, and, therefore, the Tables exhibited on the Wall of the Post Office ought to be occasionally consulted.

With some exceptions, all Head Offices are Money Order Offices. All Offices at which Money Order business is transacted are marked thus, *m*.

When in the subjoined list *one* place only is mentioned, it is a Head-Office, and when there are two, the *first* is a Sub-Office, and the *second* is the Head-Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office. In these cases such Money Order Office is added as a *third* name for the information of any persons who may wish to remit money to the neighbourhood.

The places marked thus, *t*, were opened as Postal Telegraph Offices on the 5th February, 1870, and the system is being extended as rapidly as circumstances permit.

ESTABLISHMENT OF BURSARIES.

The Faculty beg to direct attention to certain Bursaries, each of the value of Ten Pounds per annum, to endure for three years, which they have established for the purpose of affording encouragement to young men desirous of prosecuting their legal training in the offices of writers in Glasgow.

The committee of management will, on 1st August next, issue to every candidate who shall have then intimated to the secretary his intention to compete, a notice of the exact time and place in

Glasgow at which the competitive examinations will take place.

The candidates, at the time of their examination, must not be under 16, and not more than 19 years of age, and shall have been at least one year employed as a clerk or apprentice by some member of the legal profession in Glasgow.

The subjects of examination which shall be deemed essential are—English reading, grammar and composition, writing to dictation, arithmetic, geography, and the rudiments of Latin.

BAILLIE'S INSTITUTION

Was founded by Mr. George Baillie, writer in Glasgow, who divested himself in his lifetime of his whole fortune (£18,000), with its accumulations during twenty-one years, from 11th November, 1863, to endow his said institution for the *self-culture* of the operative classes in Glasgow, of both sexes, by means of *Free Public Libraries and Reading Rooms*, over the city and suburbs; and for the *tuition and training* of their children in schools *strictly unsectarian*. The Dean, Council, and Clerk of the Faculty of Procurators in Glasgow are perpetual preceptor, patrons, and directors of the institution, which was confirmed by special charter from the crown, dated March 18, 1867.

CHARITABLE AND FRIENDLY INSTITUTIONS.

WEST OF SCOTLAND CONVALESCENT
SEASIDE HOMES, DUNOON.Originated and promoted by Miss BEATRICE
CLUGSTON, of Glasgow.

Office in Glasgow—161 Hope Street.

This Institution is designed for the necessitous and deserving of the industrial classes who have been in illness, in order to give them the benefit of the restorative influence of a short residence at the seaside during the period of convalescence. The Homes were formally opened by the Right Hon. the Earl of Glasgow on 14th August, 1869, and since that time upwards of a thousand patients have been quite restored to health, most of whom were able to resume work in little more than three weeks from the date of their admission. There is accommodation for 115 persons; and, added to a most generous diet, there is afforded the benefit of the best medical advice and medicines, as also the use of superior hot and cold water baths. The management earnestly appeal for funds, there being still a debt of £5000 upon the buildings; and it may be well to mention that each donor of £10, or annual subscriber of £1, is entitled to recommend one person annually for admission to the Homes. Board of directors: Sir P. Coats (chairman), Colonel Holms, Bailie Salmon, Councillors Collins and Ure, Messrs. Muir, Wenley, Robertson, Miller, Sharp, Maitland, Thomson, Brownlie, Currie, Douglas, Fraser, Kura, Little, Macdonald, Marchbank, Mackechnie, Macpherson, Rowe, and Watson; honorary secretary, W. MacLean, writer, 157 St. Vincent Street; honorary treasurer, J. Low, banker, 24 Virginia Street; medical officer in Glasgow, R. Perry, M.D., 252 Buchanan Street; consulting surgeon to the homes, J. In order to prevent, as much as possible, chimneys taking fire, the Magistrates recommend to the inhabitants to get their chimneys swept every six weeks, and not to employ or admit to their houses, or to the roof thereof, any chimney-sweeper not having a badge, or who refuses to produce the same when demanded. The Magistrates also recommend to the inhabitants to keep the hatchway, or other access to the roof of their houses, properly secured, and not to intrust the key to any chimney-sweeper who has not a badge, in order to prevent theft and destruction to property.

This Office has been established upwards of sixty years, and its present magnitude and prosperity prove the soundness of the principles on which it has been conducted.

LIFE DEPARTMENT.

The rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Accumulated Premiums are over £1,650,000; and a statement showing how these are invested can be had.

The sum of over £5,119,600 has been paid during the existence of the Office for Claims under Life Policies, of which amount a very considerable part was for Bonuses.

The next BONUS Valuation will be made up to Christmas, 1874, and Policies then in force will participate therein in proportion to the time they may have been in force.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover losses occasioned by the explosion of Gas. Losses occasioned by Lightning will also be paid.

The FIRE DUTY being wholly abolished, even the least Hazardous Property ought now in every case to be Assured, and existing Assurances can be increased without increasing the cost hitherto paid.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92, Cheapside, London; or to any of the Company's Agents.

INCREASED BENEFITS TO POLICY-HOLDERS. FEW Life Assurance Companies, however large their business, have been able to give increased benefits to their Policy-holders.

THE CALEDONIAN INSURANCE COMPANY

has done so at each Division of Profits, and this very satisfactory result has been obtained without having recourse to any alteration in the basis of valuation.

Five-sixths of the Profits of the Life Department are divisible amongst the Participating Policies; but as a large proportion of the general expenses of management are borne by the Fire Department, the Policy-holders virtually receive the *whole* of these Profits. A Division of Profits will be made as at 13th May 1871, and every Seven Years thereafter.

THIS SOCIETY differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A Policy of £1200 to £1250 may thus at most ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the three septennial Investigations, have already been increased to £1400, £1600, and even in some cases to £1800.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

It has taken a leading part in the Removal of RESTRICTIONS and GROUNDS OF CHALLENGE. The Rule was adopted in 1849 that error in the original statements did not involve forfeiture unless “fraudulent as well as untrue.”

Foreign Residence and Travel.—Members (not seafaring men) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S. Licences for places beyond the free limits are given on favourable terms; and when an extra is charged it has the advantage, according to the equitable principle of the Office, of bringing the Assured sooner to share in Profits.

Examples of Annual Premium for Assurance of £100 at Death (with Profits).

PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., *limited to twenty-one payments*, being nearly the same as most Offices require during the whole of life.

THE RATES TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS MAY BE HAD.

FINANCIAL POSITION AS SHOWN BY STATISTICS.

By the publication of the “British Life Insurance Chart, 1871,” compiled by W. White, Esq., F.S.S. (C. & E. Layton, Fleet Street), the Directors are enabled to give an analysis of facts, showing from authentic sources the high position which the Institution occupies among the Assurance Offices of the kingdom, not merely in extent of business, but even more markedly in the growth of its resources.

The New Business of 1870 was £612,025, in 1163 Policies. Subsisting Assurances about Seven Million Two Hundred Thousand. Annual Revenue, £275,000. Accumulated Fund arising entirely from Premiums, above £1,765,000.

LIFE DEPARTMENT.

THE Arrangements of this Office are based on principles that have been verified by experience.

The Rates for Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums, according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years.

THE SCOTTISH AMICABLE, being a purely *Mutual Office*, its ample funds have been created entirely by the accumulation of the Premiums of the Policy-holders, *to whom the whole Profits belong*. The Bonuses have ranged nominally from $1\frac{1}{2}$ to 2 per cent. per annum; but these being compound bonuses, and not merely additions to the original sums assured, the older Policies bear in reality 3 per cent. per annum, and are *nearly doubled* in amount—an original Policy assuring £1000 being now actually increased to £1996 3s. 5d.

The Society's general conditions of Assurance have been from time to time revised, and are now placed on the most equitable footing. Important resolutions have been adopted, relieving the Policies of many usual restrictions; *and the Assured are now entitled, after Five consecutive Years' residence within the Home Limits, to Travel and Reside in any part of the World without payment of extra premium.*

THE Directors have from the commencement adopted the plan of yearly ascertaining the value of the Society's assets and liabilities. The result has been furnished to the Members, in detail, so that any person competent to judge of such matters has been able to comprehend readily the financial position of the Society. The invested assets have been vouched for by those responsible for the correctness of their statements and proofs of the various items have been furnished to the Auditors.

The Society's Profits belong exclusively to the Assured, and are divided every five years. At last division, in 1868, a sum of nearly £30,000, less the usual reserve, was distributed among the members.

The Society's Policies are virtually indisputable. No policy will be voided by unintentional mis-statement in the proposal and declaration.

Undoubted Security is afforded by an accumulated premium fund in excess of the Society's requirements.

Copies of the last Annual Report, Detailed Statement, and Prospectus, may be had on application.

COUNTY FIRE OFFICE,
50 REGENT STREET, AND 14 CORNHILL, LONDON.

The COUNTY FIRE OFFICE was Established in the year 1806, upon the principle that the interests of its Policy-holders and its own should be identical. A system of strict economy and caution has enabled the Directors to return to their Policy-holders a considerable portion of the Premiums found to be in excess of the risks. These returns, which originally varied with the profits of the year, are now fixed at the rate of 25 per cent. They are paid out of a fund specially provided for the purpose, and take precedence of the Dividends to the Shareholders. The Insured are exempt from all personal liability.

The following Table contains the Names of some of the Policy-holders who have participated in these Returns:—

GLASGOW COFFEE ROASTING WORKS

AND

GENERAL GRINDING MILLS,
GRÆME STREET (OFF HIGH STREET).

D. MINTO

DESIRES to intimate that he has now erected those new and extensive premises upon the old site of ground, Macpherson Street, with a frontage to that street, recently formed, called Græme Street (off High Street), and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. And while it has been his constant aim to supply the wants of his customers with all speed and convenience, he has much pleasure in stating that he is now in a better position than ever to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalts, &c., with all the appliances which his new machinery can afford.

GLASGOW, Græme Street, May, 1871.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

MR. WALLACE, SURGEON-DENTIST,
22 DUNDAS STREET, GLASGOW,

(First Door above North British Railway Station).

TEETH EXTRACTED WITHOUT PAIN.

MR. WALLACE administers Nitrous Oxide when extracting Teeth, causing no pain to the patient, and, unlike Chloroform, is neither attended with sickness nor danger. Mr. W. has also patented a New Metal, which is superior to Gold—being lighter, quite as pure, absolutely tasteless, does not tarnish, and adhesion perfect.

Mr. W. being Sole Patentee of the above Metal,
no other Dentist is allowed to use it.

BEST TEETH FROM FIVE SHILLINGS.

Patients will oblige, if convenient, by calling between the hours of Ten and Five.

Press Extracts.

"MR. J. WALLACE, Surgeon-Dentist, 22 Dundas Street, Glasgow, has recently introduced the use of Nitrous Oxide. Yesterday, per invitation, we were present when Mr. Wallace extracted two teeth from a lady patient. The process, from beginning to inhale the gas till the teeth were out, occupied only 1 minute 45 seconds. The lady recovered immediate consciousness, and, on asking if only one tooth had been drawn, she was agreeably surprised when told that both of her cutting Ivories were gone. She described her sensation during the operation as a pleasing confused dream."—*Evening Citizen*.

"The Nitrous Oxide produces none of the dangerous effects of chloroform. The weakest patient can rise and walk immediately on awaking from the sleep which it causes. To us, the time spent in the operation seemed to have been many hours; but it really lasted no longer than a minute and a half. Twenty seconds generally suffice for the gas to cause insensibility, counting from the first inspiration; and the dentist has ample time to perform his work before the patient awakes."—*Daily Express*.

in LARGELY REDUCING PRESENT OUTLAY;
or ACCUMULATED BONUSES available as Provision for OLD AGE.

IN CLASS A. the PROFITS are allocated in yearly Cash Bonuses, to be applied in part payment of the next Annual Premiums. The Policy-holder's outlay is thus largely reduced after the 6th payment. Until the time of participation in Bonuses, three-fourths only of the full premiums need be paid, thus:—

Age.	£300.	£500.	£1000.
30	£5 12 6	£9 7 6	£18 15 0
40	7 6 8	12 4 5	24 8 9
50	10 10 0	17 10 0	35 0 0

IN CLASS B. the PROFITS are allocated every five years in the form of Additions to the Sums Assured. They are not frittered away in the usual comparatively small Bonuses to all the Assured, whether dying early or late, but are reserved for those who do not die before the average period. The Bonuses are thus much larger than usual, and they may be exchanged at the average period of life for a Cash Payment or a Life Annuity to the Policy-holder himself—the Sum Assured remaining intact.

Examples—POLICIES OF £1000.

Assuming that the Bonus Additions will be 4 per cent. per annum.
